No. 16 Vol. 1 Thursday, July 6, 1950

ROTE SPOKES

Wednesday evening, June 28, saw a motley crew of hoboes assemble at Laggin Linc's barbeque pit. Most of them seemed to be accompanied by a haggish looking moll. Slippery Frank gathered all the gang up in a hayrack. What a spectacle they made as they rode around the streets of our sedate town!

After they had all arrived with their pots and pans everyone proceeded to stuff themselves with salads, beans, hamburgers and all the other trimmings. In honor of Shaky Wood's birthday Con Grant, side kick of Jippy Jim Grant, baked three scrumptious birthday cakes. The partying went on far, far into the night. Yes, sir, it was some affair and thanks go to Weary Stew, Bleary Kate, Lazy Mil and Laggin Linc for a grand windup to our Rotary year. Special guests at this party were the Baldy Kings, the Ripper Reeds and Rosie Slober.

On July 3rd noon, Rotes gathered once again at the Legion Hall, C. R. Wing commenced his year as Rotary President with a well-conducted meeting. Maybe the Ladies Auxiliary surpassed themselves for the occasion or there was a lot of good food left over from July 1st; for we certainly had a grand dinner — strawberry shortcake and all. Sounds like all the Rotes do is eat. Well, what's wrong with that?

C.R. and Jim gave a report on the District Assembly at Lake Waskesiu. Their talks were very informative and fired us once again with the spirit of Rotary. Tom Wood proposed a word of thanks and praise to retiring President Stewart Card. This was endorsed by an enthusiastic round of applause from club members. At our next meeting, July 10th, Stewart, as is customary, will give "an accounting of his stewardship". President Stewart has done a grand job for Rotary this past year and we know that C.R. will ably carry on in the best tradition of Rotary.

## Our Canadian Director

Rotary invariably chooses the best qualified man for any given job. One of the most important jobs a Canadian Rotarian can fill is that of Canadian Director of R.I. For the year 1950-51 our own Bill MacArthur will hold that exalted position.

William Ross MacArthur was born and educated in Winnipeg. He has been associated with North Star Oil Ltd. since 1910 and is presently Vice-President of that company. He has served two years as President of the Calgary Rotary Club. He has headed various committees and served as Director and President of our Winnipeg Club. In 1947 he was chosen Governor of District 171 to finish the unexpired term of the late Governor Allan Pottruff.

Those of us who know Bill cannot help but feel it is distinctly Rotary's gain that he has been elected to fill this important job. He will serve the best interests of our club, our district and Canadian Rotarians generally in the R.I. family. Our most sincere congratulations to Bill on the honor he has had bestowed upon him and very best wishes for a completely successful year.

## Hail the President

Arthur Lagueux stepped in as Rotary's President on July 1. His fellow Canadians know all about Arthur and thousands of Rotarians all over the world know him too. In your

(continued on page three)

Mr. and Mrs. Phil Baker of Lethbridge and their daughter Mrs. Hazel Kieley and her daughter were dinner guests at the home of Mrs. LaVern Anderson on Monday. Mrs. Kieley left by plane for Toronto on Tuesday.

## Weddings

### Court - Rolfsen

Marriage vows were exchanged when Geraldine, only daughter of Mr. and Mrs. Ray Rolfsen of Salt Lake City and Hugh, son of Mrs. Alice Court and the late George Court of Raymond were united in marriage in the Salt Lake Temple at twelve noon, June 13.

The bride wore a gown of white waffle pique trimmed with heavy lace and carried a colonial bouquet of white roses and red carnations.

Her bridesmaid, Mary Court, wore a dress of yellow waffle pique with lace trimming and carried a colonial bouquet of red roses and white carnations. The best man was Dwayne Rolfsen, the bride's brother.

The bride's mother chose an afternoon dress of green figured silk with white accessories and a cerise corsage.

The groom's mother wore a two-piece afternoon dress of rayon taffeta seersucker with white accessories and a white corsage.

A reception was held on the spacious lawn at the home of the bride's parents in the evening.

Mrs. Darling Brown was in charge of the guest book and Liggett Hopkins was usher.

Lunch was served by cousins of the bride.

A beautiful three-tiered wedding cake was set amid peonies and orange blossoms.

The bride's travelling costume was a navy blue gabardine suit with pink accessories.

Guests included many relatives, and friends from Raymond, Salt Lake City and other points in Utah.

The happy couple are making their in Raymond on the groom's farm.

## Calf Club Winners

Members of the Lion sponsored Calf Club again brought recognition to Raymond as home of well fed cattle when they were successful in bringing back many prizes from the Lethbridge Exhibition.

Cardinal honors of course go to Max Holt, 12 year old son of Mr. and Mrs. Murray Holt, for copying the Grand Champion ribbon with his 990 pound calf that sold to a Lethbridge meat market for \$1.01 per pound and to Marshall Hironaka for placing first in the Group Feeding Competition with his five Aberdeen Angus calves.

Credit is also due Rhea Paxman who was told by the judge that she was the Raymond club's best showman.

The sale has been written into history so we will just list the prizes and the names of the proud young stockmen, and women because three of the ten calves in the show were exhibited by girls.

### Single Competitions - Raymond Club

Special — 1, and champion, Max Holt; 2, Rhea Paxman; 3, Ross Paxman; 4, Carol Holmes.

(Continued on page three)

## Golden Wedding

Mr. and Mrs. Peter Innes of Mayburt were guests of honor at their home on July 2 when they received congratulations from their children, grandchildren and their many friends who called during the day. The memorable occasion being their Golden Wedding anniversary. Mrs. Harold Trockstad of Lethbridge and Mrs. Charles Innes of Raymond acted as hostesses. A beautiful wedding cake was on display and a tasty buffet lunch was served.

THE NEW RAYMOND RECORDER

## 49th Annual Stampede and Race Meet Success

### THANKS

The Stampede Committee of the Lions Club wish to express sincere thanks to all those assisting to make the 49th Annual Stampede and Race Meet such a success.

Our special thanks go to Clark Lund, our Arena Director.

Clark, in turn, wishes to convey his thanks to his many helpers, the chute men, the pickup men and all actively assisting in the Arena.

### Stampede Committee

Starting off the big day on well-sprinkled streets was a very nicely organized parade even more beautiful, according to people who know, than those of the larger centers. It seems that when Raymond has a parade on the first it isn't made up of cars, cowboys and characters but of the things that a parade should have, decorated cars, floats, clowns etc. The large crowd that witnessed the spectacle saw the result of many hours of hard work, ingenuity and a spirit of community pride and were thrilled by the music of the Cadette Band and a Bagpipe Band, both from Lethbridge.

In the opinion of some old-timers it was the best parade ever held here.

### Winners of the Parade were:

Floats, Stake MIA, YBA and a tie for third by the Second and Fourth Ward Primaries.

Decorated-car - Raymond Agencies (this is the third year the Hancock family's labors have paid off in the winner's circle), Quality Market and The Broadway Store.

In the "Best Dressed" section some people thought that the town was made up wholly of Grahams because Charlene won the Cowgirl, Bob won the Cowboy, Lorraine won the Junior Girl and Allan Bourne won the Junior Boy.

There were 13 native Indians to add color to the parade and instead of judging for the best costume each was given a prize.

Richard Anderson won first prize in the Decorated Bicycle with Nuva Otsuko placing second and Bonnie Zobel third.

In the Novelty Section Heber Perrett showed what training can do with animals and won first place. The Old Timers, riding in what is reputed to be the wagon that Brigham Young used to cross the plains, came second with the clown (Ern Nilsson) and partner, Fourth Ward Gleaners, Diane Card and company with a miniature Fire Hall and Jerry Walker also winning prizes.

In the Commercial Float section (with prize money donated by Greeps Electric) Southern Road placed first and Ellison Milling won second prize. In addition to the Ellison entry the Lethbridge Herald and Sick's Brewery sent their floats from Lethbridge to give added color to our wonderful parade.

After making a couple of trips up Broadway the parade terminated at the Town Hall where Hiede Karaki awarded the prizes.

After enjoying the hot meals served by the Legion Ladies Auxiliary and the cold lunches served at home rodeo fans gathered to make what could be called a capacity crowd at the Stampede grounds. The hot sun during the morning and a little mechanical help had done wonders with the rain and hail soaked arena but down in the east end was a large puddle of either thick water or thin mud. For further information about this ask Mote (Mudman) Still who was the only performer interested enough to see what it really was — and he saw!

In the rodeo events the pickup men did a wonderful job but their horses wouldn't co-operate, consequently the bucking horses and wild steers (cows in disguise) outran them making the corral fences at the catch pens the most popular hangout (or should we say hangup) in town.

The heavy going in the arena slowed down all events but it was still a wonderful sight to see, specially for Owen "Cowboy" King who had never seen a rodeo before. Bus Murdoch did a bang-up job of "crying" the show and Arena Director Clark Lund is to be commended for the smooth running of the big show that had grand weather except for a few minutes toward the end of the afternoon when rain (hail) clouds threatened.

The refreshment booths did a rushing business with hot dogs and cold pop.

### Rodeo Winners:

Bronc riding with saddle - 1, Reg Kessler; 2, Elwood Tolton; 3, Stan Ives.

Bronc riding, bareback - 1, Dale Still; 2, Reg Kessler; 3, Gordon Earl; 4, Phil Welback.

Boy's amateur bronc riding, with saddle - 1, Monte Cox; 2, Allan Richardson; 3, George Smesman.

Wild horse race - 1, Wally Pace; 2, Barton Wilson; 3, Gordon Heggie.

Wild cow milking - 1, Gordon Robinson; 2, Bert Still; 3, Stan Walker.

Boy's steer riding - 1, Darwin Lund; 2, Lynn Wenburne and Leo Jessup (tied).

Steer decorating - 1, Stan Walker (5 seconds); 2, Eddie Red Crow (9 3/10 seconds); 3, Ed Healy (26); 4, Gordon Heggie (36).

Calf roping - 1, Jack Morton and Ken Feathers (tied) (21 3/5 seconds); 2, Stan Walker (23); 3, Gene Belmler (24).

### Horse Races

Due to a very heavy track the horse racing was slowed considerably but again it made interesting watching.

Feature race of the day was, of course, the Business Men's Derby. This was won by the Tom Three Persons stable from Cardston, in fact all three horses that ran the race came from Cardston. Rulon Leavitt's entry was second and the Emil Small Face entry was third.

Five eighths mile race - 1, Brent Jensen; 2, Mel Depew; 3, Tom Three Persons Stable.

Quarter mile open - 1, Lloyd Sabey; 2, Ted Meeks; 3, Tom Three Persons Stable.

Half mile open - 1, Tom Three Persons Stable; 2, Mel Depew; 3, Henry Jensen.

Boy's pony race - 1, Emil Small Face; 2, Bobbie Heggie.

In the Roman race the team owned by Bobbie Heggie and Lloyd Sabey and ridden by Ray Heggie beat the Depew-Jensen team ridden by Doug Evans.

We had fun! How about you?

To top the big day off a dance was started on the Pavilion with Dow's Orchestra from Magrath supplying the music but after the gals got their hair wet and the corn meal on the floor was beaten into a pulp the music and the bedraggled dancers moved to what was to become a very crowded Opera House. Just before midnight Stampede Manager Karl Wilde awarded the prizes for the days competitions with veteran cowboy Reg Kessler from Rosemary winning the much coveted "All round Cowboy" award—a silver trophy in the form of a horse. It is really a thing of beauty.

At a couple of minutes before 12 the orchestra stopped playing and our big celebration of Dominion Day and

Mr. and Mrs. Marlon Bowler and family of St. George, Utah have been guests at the home of Mrs. Sarah Holt for a few days. After leaving Raymond they intended to travel to Banff, Lake Louise and Waterton Park.

## And the Hail Came

After the hot weather holding out the promise of a nice day for the Stampede, hail and rain made streets and sidewalks a great puddle of water on Friday. Those decorating cars and floats had visions of wasted work as it looked as though the great Stampede (a Murdochism) would be washed out (no joke). We were told of one family decorating their car with the steady beat of the rain on the roof drumming in their ears for about six hours. No greater love... (or faith, my wife says). The Stampede Committee spent the wee hours of the morning trying to decide what course to take. Again, with remarkable good fortune, it was decided to take a chance.

One man still has the bumps to show for his journey into the hail storm. Very luckily the bumps are not on his head but on his car. Many dints can be seen on the top but what is so unusual is that the chrome trimming on top of the hood has several pronounced dints in it. The hail stones in his particular hail storm were of the two-inch variety. It's no wonder windows get broken. Speaking of windows we were very fortunate not to have a broken glass ourselves. One large stone hit an oil barrel next to our house, glanced off and cracked the window — watch your glasses boys!

Many's the boy who threw a snowball in mid-summer this year.

Crop damage has been reported in many areas as severe and has ample coverage both in the daily press and radio.

## New Seats for Theatre

At considerable expense Brewerton's Capitol Theatre is having a complete renovation of its seating. 158 new modern seats are being installed, purchased from The Dunbar Seating Co. of Vancouver. The balance of the seats are being repadded and recovered to match and harmonize with the new arrangement. When completed every seat will be spring filled which will add to the appearance of the theatre as well as to the comfort of the patrons while they are witnessing screen presentations.

Mr. and Mrs. Fred Gottenberg of Vulcan were week-end guests at the home of Mr. and Mrs. H. Dean Rolfsen. Ann Rolfsen returned to Vulcan with her grandparents to spend a few days.

Mr. and Mrs. S. B. Card Jr. and family spent the holiday week-end at the home of Mr. and Mrs. S. B. Card.

The 49th Annual Stampede and Race Meet was over - everyone feeling just a little tired but happy.

See you next year and I hope they can sprinkle the streets next from the water wagon.

The Lions International Convention will be held in Chicago in July from the 16th to 20th incl. The local delegate to the convention is M. T. King who left with his wife, Anne, on Monday evening so as to visit his son in Sudbury, Ont. before going on to Chicago.

Promptly at ten o'clock Monday, July 17 the delegates will step off for the Annual Parade. This year the States will line up in reverse alphabetical order, beginning with Wyoming and working forward. There will be 50 bands, 20 drum and bugle corps, maybe 35 or 40 floats and possibly 10,000 marchers. Each State will have its Queen in the big parade.

The Key Members Breakfast will be held Tuesday morning and it is expected that between 1,800 and 2,000 members will take part in the hilarity. The Tuesday morning session will begin with an address by President W. C. Fisher. On Tuesday afternoon will be the judging of the Queens with the coronation taking place in the evening.

Wednesday morning will feature the Ladies Breakfast and the Style Show. The morning session of the Club will include an address by an outstanding speaker and nominations for International Officers and Directors. In the afternoon the Lions will be guests at a baseball game between the Chicago Cubs and the Boston Braves.

Thursday morning will be taken up with voting, presentations of various kinds, elections of officers and finally Auld Lang Syne.

During the convention there will be many added attractions offered such as sightseeing tours on specially chartered buses, a boat ride on Lake Michigan, visits to radio stations and other points of interest.

Lion Secretary Leon Harker who is attending summer school in Michigan will also be present at this convention.

Among the former residents of Raymond to attend the Stampede on July first were Mr. and Mrs. Otis Court now of Spokane, Wash., Mr. and Mrs. Lamarr Court of Lethbridge and Mr. and Mrs. Leland Shields also of Lethbridge. Mrs. Shields is the former Florence Court. A family get-together was held at the home of Mr. and Mrs. Lowell Court.

Mr. and Mrs. Wayne Gough of Taber and Mr. and Mrs. Carl Shields of Trail, B.C., Mr. and Mrs. E. Gough and Mr. and Mrs. Clifford Gough are holidaying in Waterton.

## Bob Graham Honored

A gold watch with chain and pen-knife as well as a pen and pencil set was awarded to Bob Graham by the Allis Chalmers Machine Co. for winning the Dominion-wide company sales contest. During the 13 years Bob has been conducting his business here he has also served districts where his company is not represented. Congratulations, Mr. Graham.

## Water Users

The Town is attempting to supply everyone with enough water for domestic use, lawns, flowers and a small garden. This will be possible if water is not wasted.

The Water By-Law allows one sprinkler for each service with an opening not exceeding one quarter (1/4) inch. Open hose are not allowed.

Those breaking these regulations are liable to a fine and to have their water service shut off.

Town Water Committee

## The Raymond Recorder

 Authorized as second class mail, Post Office Department, Ottawa  
 Advertising rates on application.  
 Serving one of Canada's richest irrigated mixed farming districts.

### Artery of Civilization

PRINTING  
 This is a reprint article taken from the CIL Oval written by L. C. Hazelton

Printing talks us into a sea voyage, then promptly recommends suitable sea-sick remedies; it may urge us to deposit our money in the bank or invest in Government bonds, and then contradict itself by recommending the purchase of new motor cars, refrigerators or milk coats. It persuades, exhorts, informs and amuses us in countless ways.

Mighty force that it is today, printing owes its start to a man who 500 years ago invented movable type. Since then it has developed in size and scope until today it ranks among the leading industries of the nation.

More next week

When the Cold Storage plant opens again after renovations it will be under the management of Fairbanks Bros.

Mr. and Mrs. Donal MacLean and family of Rosemary were visitors at the home of Mr. and Mrs. Leonard Watson over the holiday week-end.

Miss Kay Terry of Calgary is visiting with her cousins Pauline Jones and Shirlene Melchin.

Mr. and Mrs. Bruce Galbraith and family were recent holidaymakers in Waterton.

RoI (Hopalong) Stone had the misfortune of injuring a muscle in his leg at a recent softball game.

As far as we have been let in on the story the Bonnie View ball team has yet to taste defeat.

Did you know that that you can save your garden with a new Hand Cultivator from Stone's? Only \$6.95.

### ALBERTA WHEAT POOL PATRONAGE

The Alberta Wheat Pool intends to operate for the crop year 1950-51 on a patronage dividend basis in keeping with the co-operative principles on which the Pool was formed. The following notice is published in compliance with the provisions of "The Income Tax Act":

As required by "The Income Tax Act" this will advise our members that it our intention to make a payment in proportion to patronage in respect to the year ending the 31st day of July, 1951, and we hereby hold forth the prospect of a patronage payment accordingly.

### For Parents Only

By Nance Cleaver

#### LEARNING TO SWIM

Parents want their children to be safe in and on the water, and yet they are often puzzled how to do their part in a program of sensible precautions which may avert a tragedy. It seems strange that in this land of lakes and rivers and streams only one Canadian in ten can swim. Surely the most important step parents can take in protecting their children, is to see to it that they learn to swim well at as early an age as possible.

The communities where there are swimming classes are indeed fortunate. Fathers and mothers should do everything in their power to see that son or daughter takes advantage of this opportunity. If there is no such class it might be possible for interested parents to initiate such a plan.

Different instructors may follow different plans in teaching a child to swim. Parents who can swim themselves but have never taught anyone to swim will learn how to go about helping their child in the water if they can watch a competent teacher.

A child cannot be "made" to swim against his will either by threats or bribes. He should not be laughed at or called "baby" if he seems timid. Overcoming fear of water and developing self-confidence are essential to his progress. A period of observing how to do something demonstrated by an instructor should alternate with a practise period.

There are a number of simple methods in learning to swim which parents can use. Here is something you can try in your own kitchen. Find a deep hand basin or a pail and make a game of your youngster learning to take a deep breath, duck his head in, let his air out and gradually open his eyes a little.

The Jelly Fish Float, where a beginner ducks, hugs his knees and grabs his ankles is excellent. It convinces the would-be-swimmer of his own buoyancy. Many a child has learned a "push off float" on his back or stomach before he has made progress in learning different strokes.

Playing "windmill" in and out of the water is a good way to give a small youngster the idea of the rhythm of an overhand stroke. Practice in kicking is basic to a strong stroke. Co-ordinating arm and leg movements is tricky but comes with practice.

Have the swim periods short so that a child's attention does not wander or his body get too tired. Remember, swimming should not be "work" to a child, but the greatest of holiday fun. Learning to swim will give him self-confidence and the thrill of achievement — both valuable elements in building character.

#### FREE SWIMMING LESSONS

for beginners will be started on the 10th of July and will be continued every Monday, Wednesday and Friday from 10 to 12 a.m. Anyone desirous of taking advantage of this splendid opportunity to learn a very enjoyable sport should register with the Life-guard.

#### Calling Shower

A calling shower in honor of Mrs. Hugh Court (nee Geraldine Rolfsen) was held at the home of Mrs. Alice Court on Thursday evening. The bride received many lovely gifts and a very enjoyable time was reported. A tasty lunch was served by Mrs. Bette Greep and Mary Court.

Mr. and Mrs. Vern Powell of Magna, Utah recently spent a week at the home of Mr. and Mrs. Ray Depew. While here they also visited other friends and relatives in district points. One of the highlights of their visit was a trip to the McIntyre Ranch, the Spring Coulee dam and Waterton. Shortly before leaving for home they were joined by Mr. and Mrs. MacGan, also from Utah, who flew up on a Western Airlines plane piloted by their son. On their return trip the party will visit in the National Parks.

From Richmond, Va., comes a new method of keeping flies away from your door: First, get a half a dozen wads of white cotton. Second, attach them to your door and window screens. Third, throw away your fly-swatter and relax. Mrs. C. S. Gilbert did just that and there wasn't a fly around all last summer. Entomologists came to visit her and couldn't figure it out. The only idea they offered was that the flies are dumb clucks who mistake cotton for spider webs.

Some of the small fry of the town have been celebrating their birthdays.

Little Norma Bridge celebrated her third birthday by entertaining a group of little friends at a lawn party.

Master Gary Selman entertained his friends at a party recently, the occasion being his fifth birthday. Games and any such news items are welcome in the Raymond Recorder.

#### Hold Outing

On the holiday week-end the Buddhist Young Married People's Club held its first picnic, near Cardston. Despite the downpour, a very enjoyable day was spent with a fair size crowd in attendance. The picnic was brought to a close with a weiner roast and a marshmallow toast.

Among the out-of-town guests were Misses Yuriko and Reyko Karaki of Calgary and Miss Cheyoko Saka of Lethbridge.

My wife says she doesn't spend too much money, she says it's just that I don't put enough in the bank.

Mrs. Kinko Hironaka entertained a group of friends at her home last Saturday evening, June 24, in the form of a surprise party for her husband, Tucker. An enjoyable evening was spent and a delicious lunch was served.

#### Sodium TCA May Be Applied With Fertilizer

Tests recently conducted show that Sodium TCA may be applied in a dry form mixed with fertilizer or other carrier such as super phosphate, dry sand or limestone, states R. M. Ferguson, Manager, Agricultural Sales Division of Dow Chemical of Canada, Limited. Application is made with a fertilizer spreader.

Sodium TCA, the efficient new grass killer, is conventionally applied as a spray treatment to suppress or control grasses.

As the result of tests Dow research workers suggest that Sodium TCA be applied in four parts or more of the carrier, and that the application rate be based on the Sodium TCA content of the final mix. They also suggest that where possible, cultivation using a double disc harrow directly following application will help to attain uniform distribution.

They state that application equipment should be cleaned thoroughly after use to prevent rusting and that rubber gloves should be worn if the Sodium TCA is spread by hand.

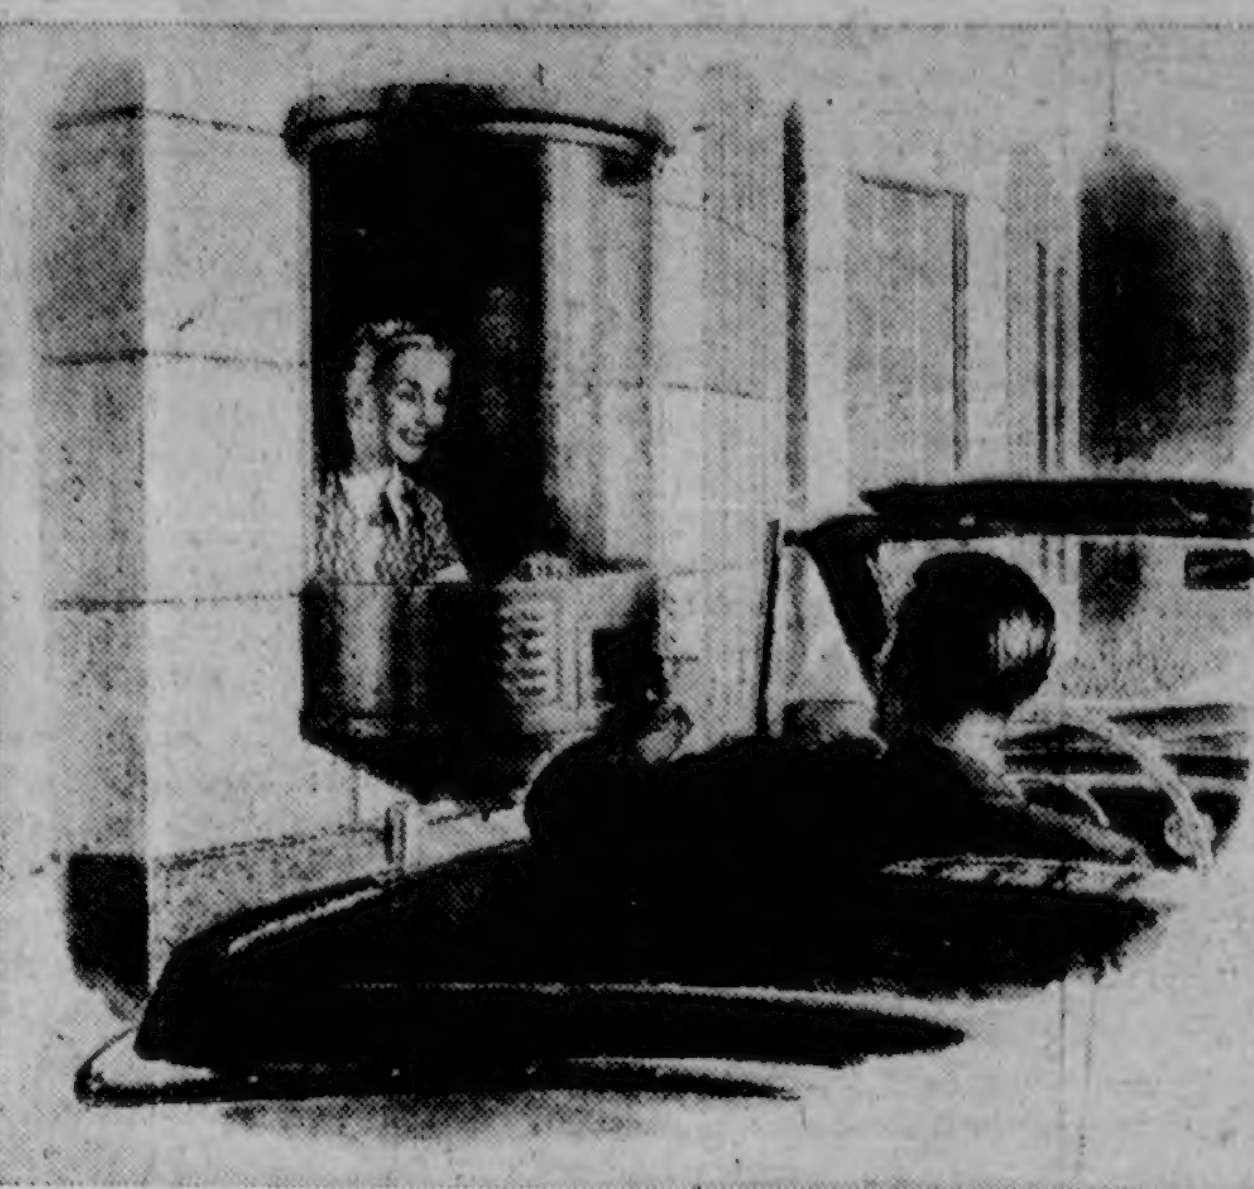

Demand for the new sodium trichloroacetate perennial and annual grass killer has grown steadily since the product was first used commercially in 1949, according to Mr. Ferguson, and the company now announces expansion of production facilities for Sodium TCA 90% to meet this demand.

### Use 2,4-D for . . . Better Weed Control

Apply with Spray or Dust Machine.  
 Dow Chemical price reduced.

#### ROTE SPOKES

(Continued from page one)

#### Identifying Weeds

OTTAWA, June 30, 1950—With the increasing use of 2,4-D it is becoming more important that farmers, in recognizing weeds, should also be able to identify them by their correct names and so link them up with recommendations for the use of 2,4-D. Unfortunately most common weeds have different names varying with the locality and the individual.

In order to give some uniformity, a list of common names for weeds was adopted by the Western Weed Conference in 1949, and this may be obtained from the Dominion Experimental Station, Swift Current, Sask.

Weeds may be sent to federal and provincial institutions for identification, but unless they are reasonably well prepared, identification is difficult, because the plant has often dried out and arrives nothing more than powdered dust.

Here are some suggestions for preparing them. If the plant is to be mailed, a representative plant should be selected, dug out so that the roots can be sent, along with the leaves, flower, and if possible the root. The plant, without the fruit, should be placed between several thicknesses of newspaper under some books or other suitable weight, to allow drying without too much wilting. After a day or so it can be placed between dry pieces of newspapers, and be mailed between two pieces of stiff cardboard to prevent unnecessary breakage.

If plants can be identified almost immediately, they can be placed between the pages of a newspaper and the paper rolled. Carried in this fashion they will generally retain their shape and freshness for a day.

Miss Rae Nelson of Magrath was a week-end guest at the home of Mr. and Mrs. Art Attwood.

copy of The Rotarian for July there are photos of him never before seen by people who think they know him well. The story of his life and works is good reading for everyone.

Don't miss the new President's message on page 6 of your copy of The Rotarian for July. It charts the year to come. Read it. All four services

#### What is a Customer.

A customer is not an interruption of your work—he is the purpose for it. You are not doing him a favor by serving him—he is doing you a favor by giving you an opportunity to do so. A customer is not dependent on you—you are dependent on him.

A customer is not a statistic—he is a flesh and blood human being with feelings and emotions like your own, with biases and prejudices. A customer is not someone to argue with or match wits with—nobody ever won an argument with a customer.

Until next week this is your Rote Reporter who would hate to have a million dollars and be without friends.

The Buddhist Temple is taking on added "new look" with a coat of paint. It's a big job and looks very nice.

#### Worrying

About your printing problems.  
Bring them to us.

THE NEW RAYMOND RECORDER

Mr. and Mrs. L. L. Palmer had as visitors recently Mr. and Mrs. Bert Green and family of Picture Butte.

Mrs. Barbara Williams and daughter who have been visiting at the home of Mr. and Mrs. Orin Turner for the past few months have left to make their home in Boise, Idaho where Mr. B. Williams is now established.

#### FIRES

The Fire Department was called to extinguish two fires during the week-end. The one on Friday night did some damage to the town bulldozer in the north-west section before the blaze was brought under control.

The second fire was caused by an overheated stove pipe at the home of Matt Kitagawa. Prompt action by the family and neighbors kept the fire under control until the Department arrived to extinguish the flames.

Did you know that a new Hot Plate from Stone's will save you time, money and will help keep your kitchen cool?

Armdale Chorus

Twenty-seven girls, including MARY DEE GILROIR, leader, (centre) make up the Armdale Chorus, which is broadcast Saturday nights. The group is named after the suburb of Halifax where, eleven years ago in a public school classroom, several of the present members first made music together.

#### Country Fairs and Field Days

As a combined source of information and amusement the Country Fair has few competitors. It is one of the few rural attractions having an equal appeal to men and women, old and young. The best in livestock, the most recent developments in farm equipment, new products of industry, educational displays of all kinds, tests of skill and luck, thrills and first-class entertainment, all combine to make the Country Fair a real outing for every member of the family.

The Mobile Display. The Line Elevator Companies sponsoring this Department are happy to announce that their Mobile Agricultural Display will be an added attraction at thirty Country Fairs throughout Western Canada, between now and the end of September.

This attractive and instructive display attempts to stimulate greater interest among farmers in two important agricultural problems of the day, namely, the menace of soil erosion and the proper use of chemicals.

We extend a cordial invitation to farmers and their families to visit this "Agricultural Show on Wheels" while it is on display at Country Fairs in Western Canada.

New Ideas. The Summer Field Day, as an agricultural extension activity, provides an opportunity for farmers to see and hear explanations on new farm practices, new crop varieties, and promising research.

To meet the needs of those who have no opportunity to visit an Experimental Farm or University, this Department, with the assistance of country grain buyers, has established over 100 Field Crop Variety Plots in Western Canada.

An Invitation. Field Day demonstrations will be held at several of the plots some time before harvest. The Line Elevator agent in charge will welcome your interest. Watch local posters for date and time.

#### LDS Church Services

The four Wards met together in the Stake House on Sunday evening to hear a special musical program by the Stake Choir under the direction of W. C. Stone. Speakers of the evening were Mr. and Mrs. Robert Holmes, recently returned missionaries. Robt. from Australia and Mrs. Holmes from the East Central States Mission. Mrs. Holmes also rendered a vocal solo. Elder Ried Walker reported on his mission in Australia and Pres. J. H. Walker gave an inspiring talk on the present world conditions.

Misses Ayaka Sugimoto and Kay Ikuta and Messrs Mac and Susumu Ikuta have returned from Toronto where they have been attending University.

#### Calf Club Winners

(Continued from page one)

Choice — 1, Wayne Tollestrup; 2, Mary Winkler; 3, Peter Brandley; 4, Allan Tollestrup; 5, Arthur Hironaka; 6, Deloy Meldrum.

#### Group Feeding Competitions

First — Marshall Hironaka.  
Entries from Picture Butte placed 2nd and 3rd.

Fourth — John Holmes.

Fifth — Carl Winkler.

Sixth — Walter Milner.

On behalf of the Lions Calf Club Committee and Peter Jamieson, Dist. Agriculturist, gratitude is expressed to all who assisted in any way to bring such results to Raymond. Special thanks go to our local merchants who guaranteed a set price (above market value) on the calves to assure success to the young people who have diligently toiled to finish their calves off to perfection.

Those businessmen are:

Raymond Mercantile, Central Meat Market, Red Head Service, Karl W. Wilde, Graham Motors, Southern Road and the Canadian Sugar Factories.

One interesting sidelight of the sale came when Alexander and Son bought a 900 pound calf at about 30 per pound and then donated it to the Manitoba Flood Relief Fund.

#### Lawn Making

OTTAWA, June 30, 1950 — Proper preparation of the area to be used for lawns is all important and care in preparing the soil before seeding the lawn will eliminate many unnecessary difficulties.

Land to be used for lawns should be heavily fertilized with well rotted manure, and may be well summer-fallowed for at least one year. The summerfallowing will kill undesirable plant growth and will help destroy many weed seeds. During the summerfallow year the area should be levelled. Rolling two or three times during the year will help to indicate the hollows and lumps, and will therefore aid in the levelling process.

Just prior to seeding, the lawn area should be given a shallow cultivation then rolled or packed once or twice to give a smooth, level, firm seed bed.

Grasses suitable for use in making lawns in Northeastern Saskatchewan are Kentucky Blue, Creeping Red Fescue and Fairway Crested Wheat. Kentucky Blue is not drought-resistant and is recommended only where artificial waterings can be given or in areas where there is ample moisture. Creeping Red Fescue makes a closely knitted turf and will do well in many areas without artificial waterings. Crested Wheat grass does not make a close turf but will stand a great deal of drought and is therefore valuable in dry areas where artificial watering is not practicable.

Kentucky Blue grass should be seeded at the rate of one pound of seed to one hundred and fifty or two hundred square feet and Creeping Red Fescue and Fairway Crested Wheat grass at the rate of one pound to one hundred square feet of lawn surface.

Lawn seeding may be done at different times of the season. Ordinarily the best time for this operation is about the end of May or the first week in June. Crested Wheat grass may be seeded successfully just before winter sets in or early in the spring. Small lawns can be seeded by hand, the seed raked in with a garden rake. Large lawns can be drilled in shallowly, using a seed-drill.

Wilford Burrows has returned from Regina and Saskatoon where he enjoyed a pleasant holiday.

#### Stirling News

(Mrs. Lief Erickson)

Mr. and Mrs. Deloy Clark and family left on Friday morning for Edmonton where they will spend a two week holiday, guests of Mr. and Mrs. Armand Peterson.

President White of Regina visited here recently, the guest of Mr. and Mrs. Alfred Zaugg.

Mrs. Beth Romeril and children, Diane and Terry, will spend the next two weeks at Wainwright at the home of her parents, Mr. and Mrs. E. Davignon.

Allen and Norma Oler and children of Rosemary spent the holiday week-end at the home of Mrs. Anna Nelson.

Bob Ferrett has gone to Lundbreck where he will be employed for the summer.

Mr. and Mrs. R. G. Hardy have as their guests Mrs. Lou Richards and her daughter Elise of Salt Lake City.

Mr. and Mrs. William Hogenesen and family will leave at the end of the week for a motor trip through Montana, Oregon and California.

Mr. and Mrs. William Sykes and children of Edmonton visited with friends and relatives here on Sunday.

A pleasant social evening was spent on Thursday when Mrs. Margaret Young entertained the ladies of the M.A. Club. A delicious lunch was served.

Week-end guests at the home of Mr. and Mrs. A. D. Erickson included Mr. and Mrs. Lloyd Erickson and children of Taber, Mr. and Mrs. Dick Erickson and Miss Barbara Downs of Lethbridge.

A freak accident occurred recently in Stirling when a valuable cow owned by Willis Favns took a bite on a light cord carrying 110 volts and electrified herself.

Star Attraction at the London Zoo is Televised

The baby polar bear cub "Burmas", which is attracting thousands of visitors to the London Zoo, was recently televised by the British Broadcasting Corporation.

For more than twenty minutes before making her debut "Burmas" and her mother, "Ivy" were lured into position before the television cameras by raw horse meat, thrown to them by assistant bear-keeper, Sam Smith. During the allotted five minutes on the screen "Burmas" gave an interesting performance as a hungry cub with a newly acquired taste for raw meat.

This picture shows the cub with her mother before the video cameras.
